

PCGA Membership Incentive Program

“Try Something New”

PCGA is once again offering our “Try Something New” Membership Incentive Program. We hope you will take this opportunity to experiment when you are choosing your free bag of seed corn. This seed corn company sponsored program entitles any PCGA/NCGA corn grower who plants at least ten acres of corn with a 3-year new or renewed membership to a **free standard size bag of seed**.

To participate, simply complete the form below indicating the brand of seed corn you would like to try, and mail it along with your check for a 3-year membership.

You will then receive a certificate for a free bag of seed from the participating seed company of your choice, as well as a membership card from the NCGA. In consultation with your local seed corn dealer, you make the ultimate decision about which hybrid you will receive from the company you have selected. PCGA will send the names and addresses by brand chosen to the appropriate seed corn company’s statewide contact person and they will contact you.

In addition, you’ll be joining over 30,000 other growers across the country who are showing their support for the corn industry. Locally, you’ll be supporting PCGA activities such as Corn Talk, our Corn Conferences and other local corn promotion activities.
